

Ramkiran Kesana

Resume

"A quick learner with a passion to design"

Education

- 2016–2017 **Masters of Science**, *Blekinge Tekniska Hogskola, Structural Mechanics*, Karlskrona, Sweden.
Pursuing
- 2012–2015 **Bachelor of Technology**, *Jawaharlal Nehru Technological University Hyderabad*, India, Mechanical Engineering.
- 2010–2012 **Pre University Course**, *Sri Chaitanya college Hyderabad*, India, Maths, Physics and Chemistry.
- 1998–2010 **School**, *Bashyam Public School*, India.

Projects

- Title *Systematic Review on Reusing waste heat produced by IC engine*
Supervisors Professor Dr.Wlodek Kulesza, Blekinge Tekniska Hogskola
Description The paper identifies gaps in waste heat reuse and proposes a thermo electric generator which assists radiator in cooling the engine coolant and produces electricity with absorbed heat.
- Title *Finite Element Analysis and Optimisation of Diesel Piston*
Supervisors Professor Dr.Sudheer Kumar, Jawaharlal Nehru Technological University
Description The paper aims at analysing thermal and mechanical stress and Optimising deflection of piston.

Experience

2015 **Summer Intern**, INDIAN RAILWAYS.

Worked on a fuel oil system for Indian Railways at Diesel Loco Shed and carried out a case study.

Key achievements:

- Learned how to have blend into the team
- Got an understanding on tools and methods used
- Overhauling of 16 cylinder Diesel locomotive engine.

Technical skills

CAD AutoCAD 2D &3D, Catia, PTC Creo, Solid works

CAE Ansys

Numerical Matlab, GNU Octave
Computation

Independent Coursework

- MOOC course on programming with Matlab by Vanderbilt University, USA at Coursera.
- MOOC course on Linux Fundamentals offered by Linux Foundation at edX.
- Programming in C & Data Structures at CMTEs, Hyderabad

Workshops Attended

2014 **Participated in Anwesha 14**, *Campus Ambassador for JNTUH*, Indian Institute of Technology, Patna, India.

2013 **Participated in Nvision 13**, *Robo Soccer*, Indian Institute of Technology, Hyderabad, India.

2013 **Participated in Micro Air vehicles**, *Conference*, Jawaharlal Nehru Technological University, Hyderabad, India.

2014 **Participated in Part design and simulation**, *Workshop*, Illuminati Group, Hyderabad, India.
